A BRIEF OVERVIEW

Nedelle Downs, located 13km west of Hawkesdale was established in 2003 by passionate local sheep breeder and stud principal Ned Nagorcka along with his partner Jaynel. Ned's breeding focus from the start has been to maintain the traits Southdown's are best known for in particular lambing ease, tight skins and superior eating quality, while continually improving growth rates, doing ability and carcass traits.

Sheep are run under commercial conditions at commercial stocking rates and are first classed visually, with a large emphasis on structural correctness to ensure a long working life and exceptional fertility. The stud is also fully recorded with lambplan, ensuring continual improvement and giving clients the ability to buy with confidence.

Industry leading White Suffolks were added in 2022 with the purchase of top-grade stud ewes from the dispersal of the renowned Waratah White Suffolk Stud. Now with fourth-generation family members involved in the operation, the stud has the ability to grow, bring fresh new ideas to the table and continue to push Nedelle Downs forward.

BREEDING AIMS

Our breeding aim is to make life easier for you.

Sheep breeding is our passion and we aim to breed rams which suit the modern day lamb producer, enabling large numbers of high value lambs to be sold off pasture.

It is of utmost importance to us that our rams are highly fertile, structurally sound and maintain the traits that Southdowns are best known for, in particular lambing ease, tight skins, superior eating quality, overall great shape and early finishing ability.

There is a lot of emphasis placed on longevity, we endeavour to breed quality rams that last.

Our aim with the White Suffolk is to breed a sheep with a moderate frame size, good feet and structure, in conjunction with high performance genetics. Primarily our breeding and selection objectives are very similar to our Southdown flock.

Our genetic selection is aimed at breeding quick growing and easy finishing progeny. All rams are subject to commercial conditions prior to leaving our farm, ensuring complete confidence that our rams will perform for you.

We want our clients to get the absolute best value possible out of the rams they purchase.

SIRES USED IN 2023

SOUTHDOWN

Nedelle Downs 200403	A stylish, smooth moving, well balanced ram with a great hind quarter. Sired by 180383
Nedelle Downs 200563	The Top EBV Ram for this drop, a powerful ram with muscle
Nedelle Downs 190102	A very impressive sire who stands out, he has the looks, length, depth and width
Nedelle Downs 26/2007	True Southdown type, extremely correct and an absolute barrel. Used in multiple studs and our AI Program
Nedelle Downs 20/250	Lower set ram, great barrel sheep, clean points and used in multiple studs
Nedelle Downs 190078	Smaller framed ram which makes up for it with muscle, used in multiple studs
Nedelle Downs 180383	A high Index modern type ram that has bred well - reserve champion at Hamilton sheepvention
Nedelle Downs 210105	This Ram was my pick for the 21 drop, correct and stylish with very smooth shoulders, strong head and good boned
Fairbank 210915	Purchased jointly with Kirkdale Stud for an Australian Auction record. Used this year in our AI Program and joined to some of our best ewes, has bred extremely well.
Kirkdale 210196	Long bodied ram, great hind quarter. Stands up proud with a good head
Kirkdale 160206	Sired by Nedelle Downs 160206. A long correct ram that has bred well for many Australian and New Zealand studs. Used for this drop in our AI program.
Fernhill 160015	Very correct ram with great hind quarter -used in our AI program. Used in multiple Australian Studs and New Zealand
Fernhill 160052	Stocky solid southdown type, smooth shoulders, clean head and well muscled
Southern Pastures 090353	Traditional type Southdown- used in our AI program to selected ewes

WHITE SUFFOLK

Days Whiteface 210268	Purchased from Days Whiteface - A moderate framed, but very muscular and powerful ram. Beautiful on his feet with a smooth head and shoulders. I love how well this ram is balanced and has bred extremely well
