Sire - Nedelle Downs 190001

Sire - Nedelle Downs 190102

A BRIEF OVERVIEW

Nedelle Downs, located 13km west of Hawkesdale was established in 2003 by passionate local sheep breeder and stud principal Ned Nagorcka along with his partner Jaynel. Ned's breeding focus from the start has been to maintain the traits Southdown's are best known for in particular lambing ease, tight skins and superior eating quality, while continually improving growth rates, doing ability and carcass traits.

Sheep are run under commercial conditions at commercial stocking rates and are first classed visually, with a large emphasis on structural correctness to ensure a long working life and exceptional fertility. The stud is also fully recorded with lambplan, ensuring continual improvement and giving clients the ability to buy with confidence.

Industry leading White Suffolks were added in 2022 with the purchase of top-grade stud ewes from the dispersal of the renowned Waratah White Suffolk Stud. Now with fourth-generation family members involved in the operation, the stud has the ability to grow, bring fresh new ideas to the table and continue to push Nedelle Downs forward.

BREEDING AIMS

Our breeding aim is to make life easier for you.

Sheep breeding is our passion and we aim to breed rams which suit the modern day lamb producer, enabling large numbers of high value lambs to be sold off pasture.

It is of utmost importance to us that our rams are highly fertile, structurally sound and maintain the traits that Southdowns are best known for, in particular lambing ease, tight skins, superior eating quality, overall great shape and early finishing ability.

There is a lot of emphasis placed on longevity, we endeavour to breed quality rams that last.

Our aim with the White Suffolk is to breed a sheep with a moderate frame size, good feet and structure, in conjunction with high performance genetics. Primarily our breeding and selection objectives are very similar to our Southdown flock.

Our genetic selection is aimed at breeding quick growing and easy finishing progeny. All rams are subject to commercial conditions prior to leaving our farm, ensuring complete confidence that our rams will perform for you.

We want our clients to get the absolute best value possible out of the rams they purchase.

LAMBPLAN

SIRES USED IN 2024

SOUTHDOWN

Nedelle Downs 170004	Half-brother to 170037, Champion Southdown at Hamilton Sheepvention. A smaller, solid type with a moderate frame, good feet and strong EBVs. He has bred consistently well in the stud.
Nedelle Downs 200137	A powerful, deep ram with a bigger frame — the heaviest of the 2020 drop. Strong Southdown type with a heavy hindquarter and a masculine head.
Nedelle Downs 230011	One of our keeper rams from the 2023 drop. A classy, stylish ram with strong EBVs, he stands up well and is sired by the Australian record-priced Southdown ram.
Nedelle Downs 230235	Our keeper ram from the 2023 drop. A muscular, moderate type with high EBVs, sired by 180383 — a proven sire that has bred very well in the flock.
Nedelle Downs 200160	A heavy-boned, correct ram that makes an immediate impression. A strong representation of the Southdown breed.
Nedelle Downs 190220	A taller, bigger-framed ram with a diverse pedigree. Grandson of the New Zealand Champion ram Willowhaugh 120521 (Christchurch).
Nedelle Downs 190001	This sire combines real carcase power with muscle and weight. A standout ram that always draws attention. Impressive, robust, and in the top five for IMF.
Nedelle Downs 200391	A showy type with straight lines, deep flanks and rib. Stands tall, good on his feet, with a great sire outlook.
Nedelle Downs 200403	A stylish, smooth moving, well-balanced ram with a great hindquarter. Sired by 180383.
Nedelle Downs 190102	A very impressive sire who stands out with the looks, length, depth and width.
Nedelle Downs 180383	A high-index, modern type ram that has bred well — Reserve Champion at Hamilton Sheepvention.
Nedelle Downs 210105	My pick of the 2021 drop. Correct and stylish with very smooth shoulders, a strong head and good bone.

Nedelle Downs 190078	A smaller-framed ram which makes up for it with muscle. Used successfully in multiple studs.
Kirkdale 210196	A long-bodied ram with a great hindquarter. Stands up proud with a good head.
Kirkdale 200020	Leased from Kirkdale Stud in Tasmania. Sired by Nedelle 140218 and full brother to the National Champion ram, Kirkdale 160206.
Kirkdale 190006	An extremely good Southdown type, leased from Kirkdale Stud in Tasmania. A very correct, well-balanced ram.
Fairbank 210915	Purchased in conjunction with Kirkdale Stud for an Australian auction record. Used this year in our AI program and joined to some of our best ewes; has bred extremely well.

WHITE SUFFOLK

Days Whiteface 210268	Purchased from Days Whiteface — a moderate-framed, but very muscular and powerful ram. Beautiful on his feet with a smooth head and shoulders. Well balanced and has bred extremely well.
Nedelle Downs 231017	The standout of our White Suffolk ram lambs sired by Days Whiteface 210268. Stands up well and is as correct as they come.
