

NEDELLE DOWNS

Prime Lamb Sires

Southdown & White Suffolk

Friday 30th October 2026

Hamilton Showgrounds - Ram Shed
Inspection from 9.00am – Sale to commence at 11.00am

Contact Ned Nagorcka
Ph 0428 556 812 Email: nedelle@westvic.com.au

Blair O'Toole 0458 690 008

Jack Hickey 0436 189 690

Sire - Nedelle Downs 243010

MEMO OF SIRES

WHITE SUFFOLK

Nedelle Downs 243010

Probably the most impressive White Suffolk ram lamb we have bred. He represents exactly what we are aiming for in our White Suffolk program, good feet, straight and correct, with a big barrel and plenty of presence. His progeny have gone on to prove that retaining and using him as a ram lamb was the right choice.

Days Whiteface 210268

Moderate-framed, but very muscular and powerful ram. Beautiful on his feet with a smooth head and shoulders. Well balanced and has bred extremely well.

Valma 232146

A great muscle ram with good growth, which has continued through into his progeny. He has certainly put plenty of body into his lambs

NEDELLE DOWNS

84 SOUTHDOWN RAMS & 16 WHITE SUFFOLK RAMS

Inspection - Rams will be penned and available for inspection from 9.00am on sale day

Sale - Commences at 11.00am

Flock Health - Nedelle Downs has been Ovine Brucellosis Accredited since 2012 (#3662) and an OJD Vaccinated Flock since 2000.

All sheep are fully vaccinated with 6-in-1 and Multimin, drenched with Quarter 4-Way Combo (15th September), footrot and lice free, and treated with Flexolt (15th September)

Lambplan - Taken from data on 1/9/2026

Rams - All ram lots are offered as flock rams, to be eligible for ASSBA or AWSA transfer as a stud sire a minimum price of \$2,500 will apply

For further information please contact selling agents or Ned Nagorcka Phone - 0428 556 812

A BRIEF OVERVIEW

Nedelle Downs, located 13km west of Hawkesdale was established in 2003 by passionate local sheep breeder and stud principal Ned Nagorcka along with his partner Jaynel. Ned's breeding focus from the start has been to maintain the traits Southdown's are best known for in particular lambing ease, tight skins and superior eating quality, while continually improving growth rates, doing ability and carcass traits.

Sheep are run under commercial conditions at commercial stocking rates and are first classed visually, with a large emphasis on structural correctness to ensure a long working life and exceptional fertility. The stud is also fully recorded with lambplan, ensuring continual improvement and giving clients the ability to buy with confidence.

Industry leading White Suffolks were added in 2022 with the purchase of top-grade stud ewes from the dispersal of the renowned Waratah White Suffolk Stud. Now with fourth-generation family members involved in the operation, the stud has the ability to grow, bring fresh new ideas to the table and continue to push Nedelle Downs forward.

BREEDING AIMS

Our breeding aim is to make life easier for you.

Sheep breeding is our passion and we aim to breed rams which suit the modern day lamb producer, enabling large numbers of high value lambs to be sold off pasture.

It is of utmost importance to us that our rams are highly fertile, structurally sound and maintain the traits that Southdowns are best known for, in particular lambing ease, tight skins, superior eating quality, overall great shape and early finishing ability.

There is a lot of emphasis placed on longevity, we endeavour to breed quality rams that last.

Our aim with the White Suffolk is to breed a sheep with a moderate frame size, good feet and structure, in conjunction with high performance genetics. Primarily our breeding and selection objectives are very similar to our Southdown flock.

Our genetic selection is aimed at breeding quick growing and easy finishing progeny. All rams are subject to commercial conditions prior to leaving our farm, ensuring complete confidence that our rams will perform for you.

We want our clients to get the absolute best value possible out of the rams they purchase.

MEMO OF SIRES

SOUTHDOWN

Nedelle Downs 230011	One of our keeper rams from the 2023 drop. A classy, stylish ram with strong EBVs, he stands up well and is sired by the Australian record-priced Southdown ram. Used again in this year's sale rams. His progeny have been outstanding and we couldn't be happier with how this ram has bred. He will certainly continue to be used in our program.
Nedelle Downs 200160	A heavy-boned, correct ram that makes an immediate impression. A strong representation of the Southdown breed.
Nedelle Downs 190001	This sire combines real carcase power with muscle and weight. A standout ram that always draws attention. Impressive, robust
Nedelle Downs 200403	A stylish, smooth moving, well-balanced ram with a great hindquarter. Sired by Nedelle Downs 180383, who at one point was the highest-figured Southdown ram on Lambplan and was also Champion Ram at Hamilton Sheepvention.
Nedelle Downs 200563	Top EBV Ram for his drop, a powerful ram with muscle
Nedelle Downs 230064	A standout from the day he was born. A deep bodied, solid and correct ram. His progeny are equally impressive, showing the same depth, muscle and carcase qualities, and are proving him to be an outstanding sire
Nedelle Downs 240158	Used as a ram lamb and impressive from the start. A thick-boned, deep-bodied ram that moves exceptionally well and has plenty of class. A very complete young sire with plenty to offer
Nedelle Downs 240089	Another impressive ram used as a ram lamb. He has tremendous width and length, with a deep loin and plenty of width through the twist. Great on his feet, moves well and is a very complete young ram.
Kirkdale 200020	Leased from Kirkdale Stud in Tasmania. Sired by Nedelle 140218 and full brother to the National Champion ram, Kirkdale 160206.
Fernhill 160052	Stocky solid southdown type, smooth shoulders, clean head and well muscled

SOUTHDOWN
